FOR IMMEDIATE RELEASE

MEETING WEDNESDAY TO HIGHLIGHT NEW PROPOSALS FOR PYRAMID-MCCARRAN INTERSECTION

New proposals for the busy intersection at Pyramid Way and McCarran Boulevard in Sparks will be on display at an RTC meeting from 4:30 to 8 p.m. Wednesday, Feb. 23 at John Ascuaga's Nugget in Sparks. The public is welcome to attend any time to speak one-on-one with project representatives in an open house format or to hear a short presentation at 5:30.

The meeting is the fourth in the last year to examine proposed solutions to congestion and safety issues at the intersection. RTC staff have incorporated public comments from previous meetings and from small group sessions with homeowners and residents in adjacent neighborhoods into new alignment proposals and project designs. Additional feedback is invited.

For complete RTC information go to rtcwashoe.com to sign up for free email updates using MyRTC or call 348-0400.
