AGENDA ITEM 4

TO: Technical Advisory Committee

FROM: Amy Cummings, AICP/LEED AP
Director of Planning,
Deputy Executive Director

SUBJECT: 2050 Regional Transportation Plan Project Evaluation

RECOMMENDATION

Acknowledge receipt of a report on the 2050 Regional Transportation Plan (RTP) and provide input.

SUMMARY

The RTC recently issued a call for projects in an effort to seek agency and public input about projects to consider in the 2050 RTP. An online survey was also provided as part of this effort. Staff is currently evaluating projects that were suggested for potential inclusion in the plan, and a follow up survey will be provided to gather feedback on public priorities.

Concurrently, staff conducted the Downtown Reno Circulation Study, which aims to contribute to Downtown as a safe and attractive destination, support a revitalized Downtown with vibrant public spaces, encourage safe multimodal access to jobs, entertainment, and special events, and connect Downtown to surrounding neighborhoods and the University. The RTC is inviting the community to participate virtually by watching a video presentation of the Downtown Reno Circulation Study and providing comments. The RTC is accepting comments through Friday, December 11, 2020.

In addition, staff recently presented a draft transit vision to the RTP Agency Working Group and RTC Board, as part of the 2050 RTP. The transit vision includes the following elements:

Transit system priorities:

- Provide a productive, cost effective, high quality transit service with a positive customer experience
- Focus on providing workforce mobility & attracting new riders
- Use innovative approaches to maximize mobility with the limited resources available

Vision for Future Service (unfunded at this time):

- Increase frequency or span of service strategically on existing high-performing routes to increase ridership

- Use FlexRIDE to replace lower-performing fixed routes and provide service to outlying areas, as appropriate
- Extend RAPID service:
 - Lincoln Line on West 4th Street
 - Virginia Line on South Virginia
 - Work with regional partners to bring housing and employment density to RAPID corridors

Maintenance Facility Needs (unfunded at this time):

- Relocation of Villanova facility due to Spaghetti Bowl Project (this phase of Spaghetti Bowl is in 2037-2040)
- Expand Sutro maintenance facility
- Expand zero emission fueling capabilities

Passenger Facility Needs:

- Peppermill Station upgrade (funded)
- Expand 4TH STREET STATION (funded)
- Bus stop accessibility improvements (funded)
- West 4th Street & Sparks mobility hubs
- Meadowood Mall transfer station relocation
